

1967 Shelby GT500

67400F7A00245

To Be Auctioned on www.classicpromenade.com OCTOBER 22 - NOVEMBER 1, 2020

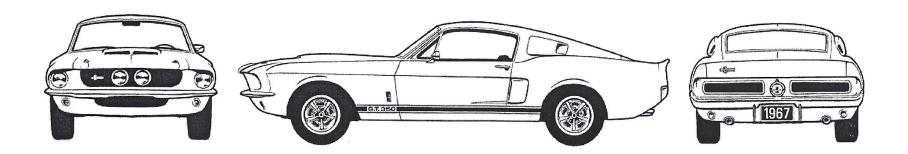

a car that stays true to Its Roots

Restored only when needed, this 1967 Shelby GT500 is perfect for the classic car enthusiast who values originality. From its sleek, dark interior to its head-turning metallic lime green paint (untouched in most areas except for the occasional clear coat and the owner-added white Le Mans racing stripes), this one exhibits a great deal of historic accuracy both inside and out.

Aesthetically, the GT500 shows only the slightest signs of its age. There's a patina to the sharp, black interior of this Shelby, but it remains consistent with the rest of the car. There are also small areas of imperfections in the paint and on the chrome accents, including the driver's side front fender, but given the overall condition of the fastback, we can confidently say it's been well cared-for.

Accommodating the Shelby's striking appearance is, perhaps, the best part of the car: its high-performing drivability. This GT500 runs great, thanks to a detailed engine compartment that appears correct and original. The car is further outfitted with power steering, power disc brakes, four-speed transmission, shoulder harnesses, and Kelsey-Hayes style 15-inch Magstar wheels. With a 428 CID with dual-carbs under its hood, the GT500 produces close to 400 horsepower, proving that it both looks and drives the part.

SHELBY GT500 Timeline

2003	The car is listed for sale by Mershon's World of Cars in Springfield, OH. It makes its way back into the dealership's lineup in 2014 and then again in 2020.
2020	For the third time in its history, the Shelby appears for sale by Mershon's World of Cars. It sees two separate owners from the Phoenix, AZ, area before it's offered for auction through Classic Promenade.
